

You also must help us by prayer, so that many will give thanks on our behalf for the blessing granted us through the prayers of many.

Prayer Concerns

February 4

- **Lexi**, a young woman who used to attend ERC but now lives in Texas, had a biopsy earlier this week. We're praying for health, and peace of mind for her. Additionally, while waiting for the results, her mom had a stroke this past week and is hospitalized. (2/1)
- **David Harris'** nephew, **Patrick Harris**, begins basic training this week. Please pray for strength for him and his parents. (1/28)
- **Max**, a daycare friend of **Braxton Schepisi**, is in ICU with the flu. He is not doing well! Please pray for his healing and peace for his family. (1/28)
- **Nancy Carpenter's** cousin's cancer has returned. We pray his chemo treatments will bring healing, his medical team will be wise, and especially, that God's peace will rest on all concerned. (1/23)
- A member of our church family prays that God will help all of us to forgive those who've hurt us and our families. We pray for peace in our hearts as we wait upon the Lord for his help in pursuing what promotes health. (1/22)
- **Jessica Mascolo** and **Sarah Harris** request prayer that they will have wisdom and patience in shepherding Sunday School students. (1/22)
- We pray **Danielle** will find strength and confidence, comfort, and encouragement as she rebuilds her life. She is seeking safety, housing, and a job. (1/22)
- We seek sustaining, healing grace for **Robin** who suffered a stroke. After cardiac surgery, she continues to struggle with eye and weakness problems. (1/22)
- **Matt's** mom, **Jean**, who is battling late state ovarian cancer, has become extremely dehydrated with stomach issues. Her next chemo treatment is the 29th. Please pray she'll get the little strength back that she had. (1/19)

“Intercession is the truly universal work for the Christian. No place is closed to intercessory prayer: no continent, no nation, no city, no organization, no office. No power on earth can keep intercession out.”
Richard Halverson

- **UPDATE! Jeff Baker's** ears have improved although he is still waiting for his hearing to fully return. Linda's painful back pain has also cleared up. Thank you for your prayers! (1/18)
- **Wes Van Ort's** cousin, **Debbie Haggerty**, is receiving treatment at Dana Farber Hospital in Boston for Acute Myeloid Leukemia. We pray for healing and comfort. (1/14)
- **Brian Mattiske's** battle with cancer continues. Systematic chemo has resumed, and they are working to manage pain. Please keep him and his family in your prayers. (1/11)
